AT MIDDLESBROUGH TOWN HALL

WELCOME TO MUSINC

Bringing musical inclusion to the Tees Valley!

Musinc is a music engagement programme based in Middlesbrough Town Hall and is hosted by Middlesbrough Council.

Musinc delivers inclusive music making opportunities to people of all ages and abilities. Our activities include open access groups, targeted work within communities, one-to-one support, special projects and school activity, as well as performances and events. Musinc also has a workforce development programme to support existing and emerging music leaders, including a mentoring scheme, CPD events and an annual paid internship.

Inclusion sits at the heart of everything Musinc does, meaning breaking down barriers for people to access opportunities, and taking an inclusive approach within sessions, so that everyone regardless of background or circumstance, can be involved in music making.

There are a wide range of opportunities for children, young people and adults, with free bursaries available to support costs.
